IWFSA AND THE STRATEGIC LEADERSHIP PROGRAMME

INTRODUCTION:

The International Women's Forum (IWF) is a global organization of pre-eminent women of significant and diverse achievement who come together across national and international boundaries to share knowledge and ideas, enrich lives, provide a network of support and exert influence. Furthermore, through its Leadership Foundation, the IWF helps prepare future generations of women leaders.

IWFSA was established in 2000 when its patron, Mrs Zanele Mbeki, with a group of woman leaders, set up a South African chapter of the IWF. To date, the organisation has 70 members drawn from Government, Business, The Sciences, Arts and numerous other areas. The IWFSAs members, who are at the top of their fields of endeavour and who have nationally and internationally-identifiable track records, enjoy unique networking opportunities through conferences (local and international), workshops, meetings and forum events.

The IWFSAs vision is to educate, empower, nurture and mentor the next generation of women leaders in South Africa. This is done through various leadership programmes, one of which it runs in partnership with The Gordon Institute of Business Science (GIBS), the Strategic Leadership Programme.

THE STRATEGIC LEADERSHIP PROGRAMME:

The IWFSAs Strategic leadership Programme (SLP) is specifically aimed at young women in senior management positions with the purpose of grooming them to become in-house agents of change and implementation drivers. The value of the Programme lies in the partnership between the IWFSAs and the Gordon Institute of Business Sciences (GIBS) as well as the Fellow's access to South Africa's top women leaders, via the Programmes IWFSAs intervention and mentorship components. The 12-month, part time Programme has a unique balance between carefully selected academic input and IWFSAs-backed interventions. GIBS, which is situated in Illovo, Johannesburg, has the highest caliber of faculty available to the Programme and ensures that learning is highly interactive, making maximum use of group work, experiential exercises and action learning.

PREREQUISITES FOR THE IWFSAs FELLOW:

- Young women with a minimum of five year's experience in senior management in their organizations;
- At least a Bachelor's degree from a recognized university;
- Women who are between 30 and 42 years of age;
- Women with recognized leadership potential within their organizations;
- Women with maturity, commitment and aspiration to achieve success in their careers.

PROGRAMME OBJECTIVES

- Develop the competence and business perspective necessary to function as effective leaders anywhere and at any time;
- Provide insight into the complex economic, political and social environment of business and understand the opportunities and challenges in this context;
- Enhance personal leadership competencies, particularly in managing issues pertaining to the self, the corporation and the environment ;
- Take participants from "operational excellence" to "strategic thinking and practice".
